Celebrate the last hot days of summer with a trip to our cool Chicago warehouse for a very special fall preview of new releases from our extensive global portfolio of fine wine, craft spirits and ginjo sake. This is a fantastic opportunity to be the first to discover all the exciting new releases, estates and categories. There will also be pre-offer pricing on many new releases as well as special pricing and deeper discounts on a selection of outstanding wines that have overstayed their welcome and need good homes. Grab a baguette with one hand and a glass of insane wine in the other while waiting for Chicago's finest sausages to come off the grill. All members of the Illinois wine trade are welcome. However, buyers will be able to pick a bottle of any available wine, spirit or sake in our inventory to share with all attendees at the communal table. This event is always a customer favorite. No pretense or smoke and mirrors. Come help us continue to keep it real in Pilsen.
